and you could be one of
22 subscribers to win a
hamper of TheraVine bodycare
products, valued at R1 202.

TheraVine is an innovative South African spa skincare range for the face and body. Developed by a specialised team in the Cape Winelands, the products contain high concentrations of grape polyphenols (extracted from vine leaves, grapeseeds and skins), which are rich in immune-boosting and anti-ageing antioxidants.

Its bath and shower products moisturise and protect skin, while its cellulite-busting Sculpt-O-Vine range enhances your body shape by optimising lipolysis, improving microcirculation and strengthening the epidermis. The antioxidant-rich Grapeseed Extract Supplement helps strengthen the immune system and protects the body against destructive external and internal free radicals.

For information, call 021 886 6623 or visit theravine.co.za.
