- Prevent clogged pores.
- Minimise enlarged pores.

BODY CARE - MAKE EVERY DAY A GOOD HAIR DAY

The answer - treat your hair like you would treat your skin. It needs cleansing, and most importantly, moisturising to keep it looking healthy! Keep in mind that hair must be super-nourished from the inside on a cellular level.

Most hair products contain toxic petrochemicals, alcohol, artificial fragrances, and synthetics that suffocate scalp and hair from the outside and in doing so, cause more damage to the hair than good. TheraVine™ has developed a specialist hair care range to achieve that perfect lustrous shine.

SAUVIGNON BLANC SHAMPOO

Looking for soft, manageable hair? Polish and cleanse hair with this refreshing pH balanced shampoo while delicately removing product build-up and providing protection against harsh elements. Subtle hints of Marjoram and Rosemary will ensure an invigorating experience.

CHARDONNAY CONDITIONER
250ml

Say goodbye to knots, fly-aways and brittle hair and say hello to soft, healthy hair with a lustrous shine. While Hydrolyzed Wheat Protein assists with strengthening the hair, hair is treated to an array of anti-oxidants to repair and prevent further damage.

HAIR PROTEIN CREAM MASK

Take hair care to the next level. Treat your hair to the ultimate indulgence in restoration and hydration. While Vitamin E protects and moisturises, the addition of anti-oxidants prevent further damage and allows nature to do the rest.
